

Privacy Notice

We understand how important it is to keep your personal information safe and secure and we take this very seriously. We have taken steps to make sure your personal information is looked after in the best possible way and we review this regularly.

Please read this privacy notice ('Privacy Notice') carefully, as it contains important information about how we use the personal and healthcare information we collect on your behalf.

1. WHY WE ARE PROVIDING THIS PRIVACY NOTICE

We are required to provide you with this Privacy Notice by Law. It explains how we use the personal and healthcare information we collect, store and hold about you. If you are unclear about how we process or use your personal and healthcare information, or you have any questions about this Privacy Notice or any other issue regarding your personal and healthcare information, then please do contact our **Data Protection Officer** (details below).

The Law says:

- A. We must let you know why we collect personal and healthcare information about you;
- B. We must let you know how we use any personal and/or healthcare information we hold on you;
- C. We need to inform you in respect of what we do with it;
- D. We need to tell you about who we share it with or pass it on to and why; and
- E. We need to let you know how long we can keep it for.

2. THE DATA PROTECTION OFFICER

You can contact our Data Protection Officer Daljeet Sharry-Khan on 07395 796639

Daljeet.Sharry-Khan@bradford.nhs.uk if:

- You have any questions about how your information is being held;
-
- If you require access to your information or if you wish to make a change to your information;
-
- If you wish to make a complaint about anything to do with the personal and healthcare information we hold about you;
-
- Or any other query relating to this Policy and your rights as a patient.

3. ABOUT US

We, at Moorside Surgery ('**the Surgery**') situated at Moorside Surgery, 370 Dudley Hill Road, Bradford, BD2 3AA, are a **Data Controller** of your information. This means we are responsible for collecting, storing and handling your personal and healthcare information when you register with us as a patient.

There may be times where we also process your information. That means we use it for a particular purpose and, therefore, on those occasions we may also be **Data Processors**. The purposes for which we use your information are set out in this Privacy Notice.

4. INFORMATION WE COLLECT FROM YOU

The information we collect from you will include:

- A. Your contact details (such as your name and email address, including place of work and work contact details);
- B. Details and contact numbers of your next of kin;
- C. Your age range, gender, ethnicity;
- D. Details in relation to your medical history;
- E. The reason for your visit to the Surgery;
- F. Medical notes and details of diagnosis and consultations with our GPs and other health professionals within the Surgery involved in your direct healthcare.

5. INFORMATION ABOUT YOU FROM OTHERS

We also collect personal information about you when it is sent to us from the following:

- A. A hospital, a consultant or any other medical or healthcare professional, or any other person involved with your general healthcare.

6. YOUR SUMMARY CARE RECORD

Your summary care record is an electronic record of your healthcare history (and other relevant personal information) held on a national healthcare records database provided and facilitated by NHS England.

This record may be shared with other healthcare professionals and additions to this record may also be made by relevant healthcare professionals and organisations involved in your direct healthcare.

You may have the right to demand that this record is not shared with anyone who is not involved in the provision of your direct healthcare. If you wish to enquire further as to your rights in respect of not sharing information on this record then please contact our Data Protection Team.

To find out more about the wider use of confidential personal information and to register your choice to opt out if you do not want your data to be used in this way, please visit <https://nhs.uk/your-nhs-data-matters>.

Note if you do choose to opt out, you can still consent to your data being used for specific purposes. However, if you are happy with this use of information you do not need to do anything. You may however change your choice at any time.

7. WHO WE MAY PROVIDE YOUR PERSONAL INFORMATION TO, AND WHY

Whenever you use a health or care service, such as attending Accident & Emergency or using Community Care Services, important information about you is collected to help ensure you get the best possible care and treatment. This information may be passed to other approved organisations where there is a legal basis, to help with planning services, improving care, research into developing new treatments and preventing illness. All of this helps in providing better care to you and your family and future generations. However, as explained in this privacy notice, confidential information about your health and care is only used in this way where allowed by law and would never be used for any other purpose without your clear and explicit consent.

We may pass your personal information on to the following people or organisations, because these organisations may require your information to assist them in the provision of your direct healthcare needs. It, therefore, may be important for them to be able to access your information in order to ensure they may properly deliver their services to you:

- A. Hospital professionals (such as doctors, consultants, nurses, etc);
- B. Other GPs/Doctors;
- C. Pharmacists;
- D. Nurses and other healthcare professionals;
- E. Dentists;
- F. Any other person that is involved in providing services related to your general healthcare, including mental health professionals.

8. OTHER PEOPLE WHO WE PROVIDE YOUR INFORMATION TO

- A. Commissioners;
- B. Clinical Commissioning Groups;
- C. Local authorities;
- D. Community health services;
- E. For the purposes of complying with the law e.g. Police, Solicitors, Insurance Companies;

- F. Anyone you have given your consent to, to view or receive your record, or part of your record. **Please note, if you give another person or organisation consent to access your record we will need to contact you to verify your consent before we release that record. It is important that you are clear and understand how much and what aspects of, your record you give consent to be disclosed.**
- G. **Extended Access** – we provide extended access services to our patients which means you can access medical services outside of our normal working hours. In order to provide you with this service, we have formal arrangements in place with the Clinical Commissioning Group and with other practices whereby certain key “**hub**” practices offer this service on our behalf for you as a patient to access outside of our opening hours. This means, those key “**hub**” practices will have to have access to your medical record to be able to offer you the service. Please note to ensure that those practices comply with the law and to protect the use of your information, we have very robust data sharing agreements and other clear arrangements in place to ensure your data is always protected and used for those purposes only.

The key **Hub** practices are as follows:

- **Picton Medical Centre** is the Central hub
 - **Shipley Medical Practice** is the North hub
 - **The Ridge Medical Practice** is the South hub
- H. **Data Extraction by the Clinical Commissioning Group** – the clinical commissioning group at times extracts medical information about you, but the information we pass to them via our computer systems **cannot identify you to them**. This information only refers to you by way of a code that only your practice can identify (it is pseudo-anonymised). This therefore protects you from anyone who may have access to this information at the Clinical Commissioning Group from **ever** identifying you as a result of seeing the medical information and we will **never** give them the information that would enable them to do this.

There are good reasons why the Clinical commissioning Group may require this pseudo- anonymised information, these are as follows:

Purpose of using personal data	Legal basis of processing	Special category of data
For commissioning and healthcare planning purposes e.g., collection of mental health data set via NHS Digital or local	GDPR Article 6(1)(c) – compliance with a legal obligation	GDPR Article 9(2)(h) – medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems. Special category 9(2)(i) – public interest in the area of public health
For planning and running the NHS (other mandatory flow) e.g., CQC powers to require information and records	GDPR Article 6(1)(c) – compliance with a legal obligation (the GP practice) Regulation 6(1)(e) – the performance of a task carried out in the public interest (CQC)	GDPR Article 9(2)(h) – medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems. Special category 9(2)(i) – public interest in the area of public health
For planning & running the NHS – national clinical audits	GDPR Article 6(1)(e) – the performance of a task carried out in the public interest	GDPR Article 9(2)(h) – medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems. Special category 9(2)(i) – public interest in the area of public health
For research	GDPR Article 6(1)(f) – legitimate interests...except where such interests are overridden by the interest or fundamental rights and freedoms of the data subject. GDPR Article 6(1)(e) – the performance of a task carried out in the public interest	GDPR Article 9(2)(j) – scientific or historical research purposes or statistical purposes
	GDPR Article 6(1)(a) – explicit consent	

9. ANONYMISED INFORMATION

Sometimes we may provide information about you in an anonymised form. If we do so, then none of the information we provide to any other party will identify you as an individual and cannot be traced back to you.

10. YOUR RIGHTS AS A PATIENT

The Law gives you certain rights to your personal and healthcare information that we hold, as set out below:

A. Access and Subject Access Requests

You have the right to see what information we hold about you and to request a copy of this information.

If you would like a copy of the information we hold about you please email our Data Protection Officer. We will provide this information free of charge however, we may in some **limited and exceptional** circumstances have to make an administrative charge for any extra copies if the information requested is excessive, complex or repetitive.

We have one month to reply to you and give you the information that you require. We would ask, therefore, that any requests you make are in writing and it is made clear to us what and how much information you require.

B. Online Access

You may ask us if you wish to have online access to your medical record. However, there will be certain protocols that we have to follow in order to give you online access, including written consent and production of documents that prove your identity.

Please note that when we give you online access, the responsibility is yours to make sure that you keep your information safe and secure if you do not wish any third party to gain access.

C. Correction

We want to make sure that your personal information is accurate and up to date. You may ask us to correct any information you think is inaccurate. It is very important that you make sure you tell us if your contact details including your mobile phone number has changed.

D. Removal

You have the right to ask for your information to be removed however, if we require this information to assist us in providing you with appropriate medical services and diagnosis for your healthcare, then removal may not be possible.

E. Objection

We cannot share your information with anyone else for a purpose that is not directly related to your health, e.g. medical research, educational purposes, etc. We would ask you for your consent in order to do this however, you have the right to request that your personal and healthcare information is not shared by the Surgery in this way. Please note the Anonymised Information section in this Privacy Notice.

F. Transfer

You have the right to request that your personal and/or healthcare information is transferred, in an electronic form (or other form), to another organisation, but we will require your clear consent to be able to do this.

11. THIRD PARTIES MENTIONED ON YOUR MEDICAL RECORD

Sometimes we record information about third parties mentioned by you to us during any consultation. We are under an obligation to make sure we also protect that third party's rights as an individual and to ensure that references to them which may breach their rights to confidentiality, are removed before we send any information to any other party including yourself. Third parties can include: spouses, partners, and other family members.

12. HOW WE USE THE INFORMATION ABOUT YOU

We use your personal and healthcare information in the following ways:

- A. when we need to speak to, or contact other doctors, consultants, nurses or any other medical/healthcare professional or organisation during the course of your diagnosis or treatment or on going healthcare;
- B. when we are required by Law to hand over your information to any other organisation, such as the police, by court order, solicitors, or immigration enforcement.

We will never pass on your personal information to anyone else who does not need it, or has no right to it, unless you give us clear consent to do so.

13. LEGAL JUSTIFICATION FOR COLLECTING AND USING YOUR INFORMATION

The Law says we need a **legal basis** to handle your personal and healthcare information.

CONTRACT: We have a contract with NHS England to deliver healthcare services to you. This contract provides that we are under a legal obligation to ensure that we deliver medical and healthcare services to the public.

CONSENT: Sometimes we also rely on the fact that you give us consent to use your personal and healthcare information so that we can take care of your healthcare needs.

Please note that you have the right to withdraw consent at any time if you no longer wish to receive services from us.

NECESSARY CARE: Providing you with the appropriate healthcare, where necessary. The Law refers to this as 'protecting your vital interests' where you may be in a position not to be able to consent.

LAW: Sometimes the Law obliges us to provide your information to an organisation (see above).

14. SPECIAL CATEGORIES

The Law states that personal information about your health falls into a special category of information because it is very sensitive. Reasons that may entitle us to use and process your information may be as follows:

PUBLIC INTEREST: Where we may need to handle your personal information when it is considered to be in the public interest. For example, when there is an outbreak of a specific disease and we need to contact you for treatment, or we need to pass your information to relevant organisations to ensure you receive advice and/or treatment;

CONSENT: When you have given us consent;

VITAL INTEREST: If you are incapable of giving consent, and we have to use your information to protect your vital interests (e.g. if you have had an accident and you need emergency treatment);

DEFENDING A CLAIM: If we need your information to defend a legal claim against us by you, or by another party;

PROVIDING YOU WITH MEDICAL CARE: Where we need your information to provide you with medical and healthcare services

15. HOW LONG WE KEEP YOUR PERSONAL INFORMATION

We carefully consider any personal information that we store about you, and we will not keep your information for longer than is necessary for the purposes as set out in this Privacy Notice.

16. OVER 13s

There is a separate privacy notice for patients over the age of 13, a copy of which may be obtained on request.

17. PRIMARY CARE NETWORK

We are a member of Bradford South Network Primary Care Network (PCN). This means we will be working closely with a number of other Practices and health and care organisations to provide healthcare services to you.

During the course of our work we may share your information with these Practices and health care organisations/professionals. We will only share this information where it relates to your direct healthcare needs.

When we do this, we will always ensure that appropriate agreements are in place to protect your information and keep it safe and secure. This is also what the Law requires us to do.

If you would like to see the information the PCN holds about you please contact our Data Protection Team. You can contact them on 01274 237565 or at adminbca@bradford.nhs.uk. See also your rights as a patient.

18. IF ENGLISH IS NOT YOUR FIRST LANGUAGE

If English is not your first language you can request a translation of this Privacy Notice. Please contact our Reception Team.

19. COMPLAINTS

If you have a concern about the way we handle your personal data or you have a complaint about what we are doing, or how we have used or handled your personal and/or healthcare information, then please contact our Data Protection Team,.

However, you have a right to raise any concern or complaint with the UK information regulator, at the Information Commissioner's Office: <https://ico.org.uk/>.

20. OUR WEBSITE

The only website this Privacy Notice applies to is the Surgery's website. If you use a link to any other website from the Surgery's website then you will need to read their respective privacy notice. We take no responsibility (legal or otherwise) for the content of other websites.

21. COOKIES

The Surgery's website uses cookies. For more information on which cookies we use and how we use them, please see our Cookies Policy.

22. SECURITY

We take the security of your information very seriously and we do everything we can to ensure that your information is always protected and secure. We regularly update our processes and systems and we also ensure that our staff are properly trained. We also carry out assessments and audits of the information that we hold about you and make sure that if we provide any other services, we carry out proper assessments and security reviews.

23. TEXT MESSAGING AND CONTACTING YOU

Because we are obliged to protect any confidential information we hold about you and we take this very seriously, it is imperative that you let us know immediately if you change any of your contact details.

We may contact you using SMS texting to your mobile phone in the event that we need to notify you about appointments and other services that we provide to you involving your direct care, therefore you must ensure that we have your up to date details. This is to ensure we are sure we are actually contacting you and not another person.

We use CCTV at our Practice for security purposes and this is in our waiting areas car park and fire exit. The footage on the CCTV is only viewed if there is an incident and all footage is wiped automatically 11 days after it is recorded.

24. National Data Opt Out

“How the NHS and care services use your information”

Whenever you use a health or care service, such as attending Accident & Emergency or using Community Care services, important information about you is collected in a patient record for that service. Collecting this information helps to ensure you get the best possible care and treatment.

The information collected about you when you use these services can also be used and provided to other organisations for purposes beyond your individual care, for instance to help with:

- improving the quality and standards of care provided
- research into the development of new treatments
- preventing illness and diseases
- monitoring safety
- planning services

This may only take place when there is a clear legal basis to use this information. All these uses help to provide better health and care for you, your family and future generations. Confidential patient information about your health and care is **only used** like this where allowed by law.

Most of the time, anonymised data is used for research and planning so that you cannot be identified in which case your confidential patient information isn't needed.

You have a choice about whether you want your confidential patient information to be used in this way. If you are happy with this use of information you do not need to do anything. If you do choose to opt out your confidential patient information will still be used to support your individual care.

To find out more or to register your choice to opt out, please visit www.nhs.uk/your-nhs-data-matters. On this web page you will:

- See what is meant by confidential patient information
- Find examples of when confidential patient information is used for individual care and examples of when it is used for purposes beyond individual care
- Find out more about the benefits of sharing data
- Understand more about who uses the data
- Find out how your data is protected
- Be able to access the system to view, set or change your opt-out setting

- Find the contact telephone number if you want to know any more or to set/change your opt-out by phone
- See the situations where the opt-out will not apply

You can also find out more about how patient information is used at:

<https://www.hra.nhs.uk/information-about-patients/> (which covers health and care research); and <https://understandingpatientdata.org.uk/what-you-need-know> (which covers how and why patient information is used, the safeguards and how decisions are made)

You can change your mind about your choice at any time.

Data being used or shared for purposes beyond individual care does not include your data being shared with insurance companies or used for marketing purposes and data would only be used in this way with your specific agreement.

25. WHERE TO FIND OUR PRIVACY NOTICE

You may find a copy of this Privacy Notice in the Surgery's reception, on our website, or a copy may be provided on request.

26. CHANGES TO OUR PRIVACY NOTICE

We regularly review and update our Privacy Notice. This Privacy Notice was last updated on 15/10/2020

Coronavirus (COVID-19) pandemic and your information

The ICO recognises the unprecedented challenges the NHS and other health professionals are facing during the COVID-19 pandemic.

The ICO also recognise that 'Public bodies may require additional collection and sharing of personal data to protect against serious threats to public health.'

The Government have also taken action in respect of this and on 20th March 2020 the Secretary of State for Health and Social Care issued a notice under Regulation 3(4) of the Health Service (Control of Patient Information) Regulations 2002 requiring organisations such as GP Practices to use your information to help GP Practices and other healthcare organisations to respond to and deal with the COVID-19 pandemic. Please note that this notice has now been revised and extended by a further notice from 29th July 2020 until 31st March 2021.

In order to look after your healthcare needs during this difficult time, we may urgently need to share your personal information, including medical records, with clinical and non-clinical staff who belong to organisations that are permitted to use your information and need to use it to help deal with the COVID-19 pandemic. This could (amongst other measures) consist of

either treating you or a member of your family and enable us and other healthcare organisations to monitor the disease, assess risk and manage the spread of the disease. Additionally, the use of your information is now required to support NHS Test and Trace.

Please be assured that we will only share information and health data that is **necessary** to meet yours and public healthcare needs.

The Secretary of State for Health and Social Care has also stated that these measures are temporary and will expire on 31st March 2021 unless a further extension is required. Any further extension will be provided in writing and we will communicate the same to you.

Please also note that the data protection and electronic communication laws do not stop us from sending public health messages to you, either by phone, text or email as these messages are not direct marketing.

It may also be necessary, where the latest technology allows us to do so, to use your information and health data to facilitate digital consultations and diagnoses and we will always do this with your security in mind.

If you are concerned about how your information is being used, please contact our DPO using the contact details provided in this Privacy Notice.

General practice transparency notice for GPES data for pandemic planning and research (COVID- 19)

Information for patients explaining how your data is being processed to support vital coronavirus (COVID-19) planning and research.

This practice is supporting vital coronavirus (COVID-19) planning and research by sharing your data with NHS Digital. This transparency notice supplements our main practice privacy notice.

The health and social care system is facing significant pressures due to the coronavirus (COVID-19) outbreak. Health and care information is essential to deliver care to individuals, to support health, social care and other public services and to protect public health. Information will also be vital in researching, monitoring, tracking and managing the coronavirus outbreak. In the current emergency it has become even more important to share health and care information across relevant organisations. This practice is supporting vital coronavirus planning and research by sharing your data with NHS Digital, the national safe haven for health and social care data in England.

Our legal basis for sharing data with NHS Digital

NHS Digital has been legally directed to collect and analyse patient data from all GP practices in England to support the coronavirus response for the duration of the outbreak. NHS Digital will become the controller under the General Data Protection Regulation 2016 (GDPR) of the personal data collected and analysed jointly with the Secretary of State for Health and Social Care, who has

directed NHS Digital to collect and analyse this data under the [COVID-19 Public Health Directions 2020](#) (COVID-19 Direction).

All GP practices in England are legally required to share data with NHS Digital for this purpose under the Health and Social Care Act 2012 (2012 Act). More information about this requirement is contained in the [data provision notice issued by NHS Digital to GP practices](#).

Under GDPR our legal basis for sharing this personal data with NHS Digital is Article 6(1)(c) - legal obligation. Our legal basis for sharing personal data relating to health, is Article 9(2)(g) – substantial public interest, for the purposes of NHS Digital exercising its statutory functions under the COVID-19 Direction.

The type of personal data we are sharing with NHS Digital

The data being shared with NHS Digital will include information about patients who are currently registered with a GP practice or who have a date of death on or after 1 November 2019 whose record contains coded information relevant to coronavirus planning and research. The data contains NHS Number, postcode, address, surname, forename, sex, ethnicity, date of birth and date of death for those patients. It will also include coded health data which is held in your GP record such as details of:

- diagnoses and findings
- medications and other prescribed items
- investigations, tests and results
- treatments and outcomes
- vaccinations and immunisations

How NHS Digital will use and share your data

NHS Digital will analyse the data they collect and securely and lawfully share data with other appropriate organisations, including health and care organisations, bodies engaged in disease surveillance and research organisations for coronavirus response purposes only. These purposes include protecting public health, planning and providing health, social care and public services, identifying coronavirus trends and risks to public health, monitoring and managing the outbreak and carrying out of vital coronavirus research and clinical trials. The British Medical Association, the Royal College of General Practitioners and the National Data Guardian are all supportive of this initiative.

NHS Digital has various legal powers to share data for purposes relating to the coronavirus response. It is also required to share data in certain circumstances set out in the COVID-19 Direction and to share [confidential patient information to support the response under a legal notice](#) issued to it by the Secretary of State under the Health Service (Control of Patient Information) Regulations 2002 (COPI Regulations).

[Legal notices](#) under the COPI Regulations have also been issued to other health and social care organisations requiring those organisations to process and share confidential patient information to respond to the coronavirus outbreak. Any information used or shared during the outbreak under these legal notices or the COPI Regulations will be limited to the period of the outbreak unless there is another legal basis for organisations to continue to use the information.

Data which is shared by NHS Digital will be subject to robust rules relating to privacy, security and confidentiality and only the minimum amount of data necessary to achieve the coronavirus purpose will be shared. Organisations using your data will also need to have a clear legal basis to do so and will enter into a data sharing agreement with NHS Digital. Information about the data that NHS Digital shares, including who with and for what purpose will be published in the NHS Digital [data release register](#).

For more information about how NHS Digital will use your data please see the [NHS Digital Transparency Notice for GP Data for Pandemic Planning and Research \(COVID-19\)](#).

National Data Opt-Out

The application of the [National Data Opt-Out](#) to information shared by NHS Digital will be considered on a case by case basis and may or may not apply depending on the specific purposes for which the data is to be used. This is because during this period of emergency, the National Data Opt-Out will not generally apply where data is used to support the coronavirus outbreak, due to the public interest and legal requirements to share information.

Your rights over your personal data

To read more about the health and care information NHS Digital collects, its legal basis for collecting this information and what choices and rights you have in relation to the processing by NHS Digital of your personal data, see:

- the [NHS Digital GPES Data for Pandemic Planning and Research \(COVID-19\) Transparency Notice](#)
- the [NHS Digital Coronavirus \(COVID-19\) Response Transparency Notice](#)
- the [NHS Digital General Transparency Notice](#)
- [how NHS Digital looks after your health and care information](#)
